

RECOVERY. FOR LIFE.

Who We Are

Bella Monte Recovery Center is a holistic residential treatment facility for men and women with substance abuse and co-occurring disorders. With its elevated views of the Coachella Valley and thousands of acres of gorgeous mountain preserves, we offer comprehensive no judgment care that addresses the physical, emotional, behavioral, and spiritual issues that have caused the descent into addiction. Our programs are designed to promote not only recovery, but recovery for life.

*We Provide Comprehensive
Addiction Recovery Treatment.*

A Customized Treatment Plan for Every Client

Every aspect of our addiction treatment, from recreational activities to therapeutic goals to family involvement, are tailored to meet the needs of the individual client.

We know that each client comes to treatment with a personal mix of physical, emotional, behavioral, spiritual, and medical concerns, paired with unique life circumstances, fears, goals, and motivations. We begin treatment for each client with no judgment, and no expectation that your recovery will follow a set path.

We Believe Recovery is not an Event, but a Journey.

Supportive Phased Approach

Our phased approach ensures that you recover for life. We provide opportunities to evaluate recovery progress in a supportive environment and identify and address challenges to sustainable recovery. Our 12-Step rooted program helps make this journey far less arduous with the direction of experienced guides and the fellowship of others who are walking the same path

“I walked into Bella Monte emotionally broken and desperate. It didn’t take long to realize that the environment, support and treatment I would receive here would not only save my life, but provide me with the skills and foundation to live a life worth living.”

– Daniel K.
Bella Monte Alumni

Bella Monte Recovery Center's intensive treatment is designed to meet the unique needs of every individual. Our drug and alcohol treatment is a completely immersive experience that gives individuals an opportunity to shut out the distractions of the outside world and focus solely on their recovery.

We Understand That Each Individual's Recovery Process is Unique.

Residential Programs

The Residential treatment program offered at Bella Monte is designed to create a solid foundation for a successful recovery from substance abuse problems and mental illness. This highly structured program offers a comprehensive mind, body, and spirit approach that not only helps with these problems, but also offers treatment suited for a wide variety of client needs.

At Bella Monte Recovery Center families are encouraged to participate in the treatment process. We realize that the client is not the only person affected by the addiction, the family is as well. Our family therapy engages both clients and members of their families to increase healthy communication and to support each other during and after treatment.

How We Help

The decision to enter treatment takes a great deal of strength and courage and Bella Monte Recovery Center strives to make the admissions process as convenient as possible. Our Intake team works closely with each prospective client and/or their family to make the transition into treatment a smooth process.

Bella Monte Recovery Center has many options to help the individual and their families gain access to addiction treatment. We can help answer your questions about the admissions process, cost of services, arrange assessments, coordinate transportation, and schedule tours of our facility.
